## PROFESSIONAL SUMMARY

Senior Fullstack Software Engineer with 10+ years of experience delivering secure, innovative web applications across front-end and back-end technologies. Proven success in modernizing legacy systems, building responsive interfaces, designing RESTful APIs, and leading test automation initiatives with ACCELQ. Proficient in JavaScript, ReactJS, Redux, Java, and Spring Boot, with a strong focus on agile methodologies. Holds a Master's in Cybersecurity and Information Assurance, plus Security+ and CEH certifications. Recognized with a Manager's Spotlight Award and selected for Wells Fargo's BOLD leadership program. Currently advancing skills in AI and machine learning to apply emerging technologies in secure, scalable applications.

## TECHNICAL SKILLS

Languages	JavaScript, Java, SQL, Python, Bash
Frontend	ReactJS, Redux, HTML5, CSS3, XML
Backend	Spring Boot, REST APIs, Node.js
Testing	Jest, React Testing Library, JUnit, Mockito, ACCELQ, Selenium, Cucumber, Gherkin, TestNG
Security	Burp Suite, Wireshark, Nessus, Nmap, Kali Linux
Databases	SQL Server, Oracle, MS Access
Build/DevOps	Git, Gradle, Npm, Jenkins, Azure, Jira, Confluence
Other	GitHub Copilot, VS Code, Eclipse, IntelliJ IDEA, Postman, Swagger UI, Agile Methodologies

## EXPERIENCE

### Senior Software Engineer

**Wells Fargo** - Charlotte, NC | June 2022 – Present

- Modernize legacy applications into responsive, scalable systems using JavaScript, ReactJS, Redux, HTML5, CSS, Java, and Spring Boot in an agile environment, improving team efficiency and delivery speed.
- Design and implement RESTful APIs to integrate UI and external systems.
- Leverage GitHub Copilot to expedite coding and unit testing, thereby improving development efficiency and reducing time to production.
- Conduct unit testing with Jest, React Testing Library, Mockito, and JUnit.
- Led team's test automation efforts, reducing manual testing effort by 40% while improving release quality.
- Provided consulting to an adjacent team on ACCELQ test automation framework adoption.
- Mentored junior engineers and new hires from Girls Who Code and Grace Hopper programs.
- Awarded with Manager's Spotlight Award for exceptional contribution and exceeding sprint delivery metrics.
- Selected for Wells Fargo's BOLD leadership program for high-potential talent.

### Senior Software Engineer - Glide Relaunch Fellow

**Wells Fargo** - Charlotte, NC | May 2022 – June 2022

- Selected for a competitive return-to-work program for professionals with career breaks.
- Completed an 8-week intensive program focused on hands-on technical work (80%) and leadership training (20%).

### Web Application Developer

**Syngenta** - Greensboro, NC | Mar 2001 – Apr 2004

- Developed web applications for idea management, project planning, budgeting, and time tracking using ASP.NET, VB.NET, C#, JavaScript, and HTML.
- Maintained SAP interface and data export to Oracle and SQL Server databases.
- Created reports and templates using Cognos Impromptu and MS Excel with VBA.
- Authored technical and user documentation to support application usage and maintenance.

---

## CAREER BREAK

### Family Care Responsibilities | Mar 2004 – May 2022

- Managed family care and maintained industry knowledge through online courses, workshops, and volunteer work.

## EDUCATION

### Master of Science in Cybersecurity and Information Assurance

Western Governors University | Dec 2021

*Capstone Project: Implementing Zero-Trust Security to Secure a Remote Work Environment*

### Bachelor of Science in Information Systems and Operations Management

May 1992

University of North Carolina at Greensboro | May 1992

*Concentration: Management Information Systems*

## CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- CompTIA Security+ | CompTIA
- Certified Ethical Hacker (CEH) | EC-Council
- Microsoft Azure Fundamentals AZ-900 | Microsoft
- National Cyber League – Spring and Fall 2021 Seasons
- Relevant Coursework: Programming Concepts and Advanced Java (North Carolina State University), Data Structures, Networking Essentials (Wake Forest University)

## VOLUNTEER EXPERIENCE

### Volunteer OSINT Analyst | Trace Labs | 2021 - Present

- Participation in a Global OSINT search parties to assist in locating missing persons.

### Coding Camp Instructor | Habitat for Humanity of Forsyth County | Summer 2020

- Designed and delivered coding curriculum for grades 7-12, introducing coding concepts and programming fundamentals.

## PROFESSIONAL ASSOCIATIONS

- **Wells Fargo Women in Technology** – Sit with Me Execution Lead, Communications Team | 2020 – Present
- **WGU Cybersecurity Club** – NCL Leadership Team, Fall 2022 | 2020 – 2024
- **Women in Cybersecurity (WiCyS)** | 2020 – Present
- **WGU Women in Technology** | 2020 – Present
- **Information Systems Security Association (ISSA)** | 2021 – 2023
